Color War Has Broken.. By Helicopter!!

When Monday starts off with a Special Event you know the week is going to be amazing! On the 25th day of the anniversary summer, we opened the time capsule that was buried in 2018! Six years later, (But only five camp summers), we were able to see what our friends in our groups had to say about Frogbridge! Opening the capsule was like going back in time to our favorite place, and we know they had just as much fun at camp as we do! Of course JR had a little trick up his sleeve, as he pulled out green and gold color war flags from 2018 - the campers started cheering, but of course it was not yet Color War! Campers and Team Members refilled the time capsule and we hope to see you in 2029 when we reopen it!

Tuesday we had some new friends join us at camp for our annual camp petting zoo! Tadpole and Intermediate campers had so much fun petting and feeding the animals. This year we saw a baby cow, donkey, bunnies goats and even a bearded dragon! They will be back on parent night for everyone to be able to meet them!

Wednesday's Wear it, favorite team day, was defiantly a fan favorite. With almost 100 per-

cent participation, all campers and team members sported either a jersey, a tshirt, a hat and even pj pants representing their favorite teams! While there were many more Giants, Jets, Yankees and Mets apparel their were so many others out there in the crowd! A special shout out to the soccer and basketball fans who also had great representation!

Before we knew it Thursday was here and we were all ready for the digital media scavenger hunt! Groups had ten different places or people to find around camp to take a picture with throughout the day! Little did they all know this was the way we were going to get everyone to assembly early to what they thought was a special event! A little while into the game all of a sudden a plane flew over assembly (totally random by the way) and out came Mr. Willy Wonka and his friend, a Giant Hershey Kiss... the crowd started cheering and everyone thought this was the big moment - a Hershey Vs. Wonka color war. After all, everyone had been talking about the theme all week, and we were all ready to begin, but once again JR fooled us with a fake break and we continued playing the game!

Before we knew it a helicopter started circling assembly spraying

green and gold coloring! This was it the moment was finally here, the highly anticipated 25th anniversary Color War Break! To everyone's surprise the helicopter landed and out came our very own Harry J! Waving to the crowd escorted by golf-cart by Frank he made his way over to assembly to greet JR and the crowd of cheering campers! Everyone was eager to learn the team names and all of a sudden out ran Bugs Bunny and Buzz from Toy Story! Gold Warner Brothers led by General Morgan and Lieutenants Matt, Sydney and Nikita and Green Pixar led by General Sammy and lieutenants Alexis, Amanda and Anthony will compete with their teams throughout the next few days to see who will be this years champions! The Battle at the Bridge had officially begun and everyone is more than ready!

Friday's assembly and conga line was all green and gold everywhere! Campers were all dressed up in their team colors and we know this is going to be the best Color War yet! The soccer game had team members showing their competitive sides, while all the campers cheered them on! Campers participated in all different events during the day, and back at afternoon assembly it was time for the annual bucket dump on our team leaders. We promise it was just water with some fruit loops mixed in for now, but next week might be a different story! The chanting, the cheering and the amazing sportsmanship are such an important part of Color War and we couldn't be prouder of all of you! Rest up and get your green and gold ready! Monday will be here before you know it, as the most anticipated week of the summer is here!
